

YELLOW FEVER.

The Disease Prevailing in Memphis—Thirty Deaths Since the 1st—Address From the Board of Physicians.

MEMPHIS, Sept. 13.—For two days past rumors of the prevalence of yellow fever in this city have prevailed, but the officers of the Board of Health were reticent and non-committal on the subject. But at a meeting of that body this afternoon, at which were present nearly all the prominent physicians of the city, the following address was prepared:

To the Officers of Memphis:

We regret to announce to the public that the yellow fever exists in our city. It is confined to a few blacks in the north-western portion of the city, and we trust it will not become epidemic. We have instructed our Secretary to make a daily report of the deaths from this and other causes, and we will from day to day furnish such information concerning the progress of the disease as we deem necessary. Up to this time there has been about thirty deaths from this disease since the 1st inst.

—By order of the Board, "S."

J. H. RUTLAND, Sec'y.

The infected quarter is known here as Finch and is principally composed of tenement houses, occupied by Irish families. So far there has been but one case south of Poplar street. There is but little excitement as yet, but the publication of the foregoing in the morning will doubtless cause many to leave the city.

Late Reports From Memphis.

MEMPHIS, Sept. 13.—There was considerable excitement here to-day in consequence of the address published this morning by the Board of Health in regard to the prevalence of yellow fever, and a great many have left the city. Several new cases are reported in the southern part of the city this afternoon. The total number of interments reported to the Board to-day were fourteen, eleven of whom died of yellow fever.

The weather last night and to-night is unusually cool, and it is hoped that the early frost will soon stop the progress of the disease.

The Scourge at Shreveport.

PANIC AND FLIGHT OF THE PEOPLE—THE FEVER INCREASING.

WASHINGTON, Sept. 13.—Senator West, of Louisiana, received the following dispatch to-night from the Mayor of Shreveport: "The people are panicking. All that could leave have left. The poor are nearly all on our hands. No money in the city treasury. All pecuniary aid will be thankfully received. The fever is increasing."

DEATH OF TELEGRAPH OPERATOR—THE MANAGER ILL.

SHREVEPORT, Sept. 13.—T. M. Jackson, telegraph operator, died to-day. Mr. Rice, the telegraph manager, is not expected to recover.

Late News From Shreveport.

TYPE OF THE DISEASE—NEED OF ASSISTANCE—INCREASING FATALITY.

NEW ORLEANS, Sept. 13.—A *Pleisyne* special from Shreveport says the disease is genuine yellow fever of a very malignant type. It is almost impossible to arrive at any reliable information as to whether there is any abatement of the fever. The sudden change in the weather has proved fatal to the sick. The How and Association is well organized, but there is great need of assistance in nurses as well as funds; the city being almost depopulated it is impossible to obtain a sufficient number of nurses to attend to the sick. There are three physicians from New Orleans, Drs. Henry Smith, John J. Kelly and J. F. Finney—Dr. Hurd is due to-morrow morning. The Times of this morning says the deaths yesterday far exceed those of any day since the commencement of the epidemic. The increased number of deaths was no doubt owing somewhat to the sudden change in the weather as well as the increased number of sick. The sudden change from hot and sultry weather Friday evening to cold and chilly no doubt hastened some as well as developed the fever in others. The rain and cold wind from the north had the effect to purify the atmosphere, and in the opinion of our physicians would be conducive to the health of those who are now well and assist many to recover who stood the ordeal of the sudden change. It is estimated that 500 persons are down with the fever. The deaths so far amount to 146.

NEW ORLEANS, Sept. 14.—A dispatch from Shreveport to the Howard Association reports the arrival of a nurse and says the physicians pronounce the disease genuine yellow fever in an epidemic form. There is no abatement to-day.

Another dispatch to the Howard Association, signed by Drs. Smith, Finney and Kelly, says: "No report may have been received from here, possibly owing to the confusion of affairs. They are indeed deplorable."

The Howard Association in response to further appeals from Shreveport will send a number of druggists and more nurses to-morrow. The press dispatches from Shreveport have the following: On Sept. 12, 20 deaths; on Sept. 13, 24; on Sept. 14, 20; on Sept. 15, 20; on Sept. 16, 20; on Sept. 17, 20; on Sept. 18, 20; on Sept. 19, 20; on Sept. 20, 20; on Sept. 21, 20; on Sept. 22, 20; on Sept. 23, 20; on Sept. 24, 20; on Sept. 25, 20; on Sept. 26, 20; on Sept. 27, 20; on Sept. 28, 20; on Sept. 29, 20; on Sept. 30, 20; on Oct. 1, 20;
